

INTRODUCTION OF
T9 SHIELD
G10

◀ EACH BUCKLE HAS ITS OWN UNIQUE COLOR ▶

Item#:
SRS009FS38 + SRS010MD38

- ▶ High-pressure fiberglass laminate material
- ▶ Laser etched private logo is available

DESCRIPTION

Fiber composite G10 provides great dimension stability. Touch it, you can feel the gun grip feeling. Smooth and sleek. Multi-layer fiber composite combination gives a very different look to the machining process. It has 150kgf tensile strength which is 3 times higher than any plastic buckles. It could cover most non-strength-required heavy-duty industry products like hunting.
