

HAWKEYE CARABINER

REVOLUTION OF TRIMMERS

Item#: HH286

HIGH-STRENGTH CARABINER

MODERN, RUGGED STYLE DESIGN

ALUMINUM HOT FORGING TECHNIQUE

 **615kgf (~1355lbf)**

STRUCTURE OF MOLECULAR COHESION

FORGED
(Aligned grain structure)

Description:

- Aluminum forging can attain good strength, unlike other methods.
- Corrosion resistance.
- The straight gate and recess parts on the carabiner side create convenience and reliability while using them.
- An ideal item to use in sports, outdoor activities, hammocks, travel gear, and carrying gear.
