

## METASTICS™

# \_ X-Tech Quick Link Double D

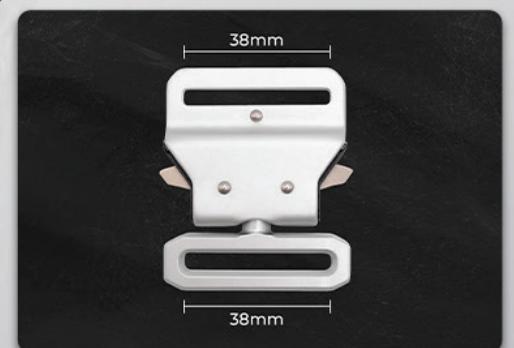

- A hybrid design with plastic and aluminum makes less abrasion inside while making it strong with its aluminum shell outside.
- Natural side curve for holding the webbing tightly.

Engineered for strength and versatility this 38mm buckle can handle up to 170kgf making it ideal for fashion bags, outdoor gear and more.

The 360-degree swivel head of this ergonomic buckle prevents tangles and allows for effortless adjustment.

The aluminum buckle ensures a secure fit and is designed for quick and easy use.
